6800.00 \$

Selling -- Runaway Range Runner. \$6800.00

Runaway Campers are super economical mini-campers! This is one of Runaway's largest fully featured RangeRunner models. It measures 6 feet by 8 feet and is approximately 4 feet high. The camper is ultra lightweight at 900 lbs empty and can be pulled by any vehicle.

Due to health issues my plans have changed. I love my Range Runner as it is an excellent product from an excellent company. I have owned it for a few months and it is in very good condition. I paid \$6,100.00 in March 2018.

The camper includes tool box , a rear door (\$310), along with the two side doors and AC. It also has a roof rack (\$275), roof basket (\$150.), extra shelf (\$50), coax connector (\$35), front cargo rack (\$100.), 2 electrical outlets (\$50), and a cigarette lighter receptical inside the camper.

Camper also includes a complete set of 100 watt solar panels on top. This set up includes batteries, inverters, cables, etc. (\$800.00) has all the parts for solar panel arrangements.
