DetailsApplyDo you have a foundation in deep technology?

Driven to realize your product vision?

Join the Lifion, by ADP team as a Senior Technical Product Manager and steer the creation of amazing products that are efficient, intuitive, beautiful and responsive. Collaborate with your high-powered teammates to build a revolutionary Platform that allows developers to create a new suite of products to manage human capital across the globe.

RESPONSIBILITIES

Create and own the product vision and strategic direction.

Be an integral part of the technical design. Guide the engineering team and recommend solutions to build the product.

Ship products that people love using.

Own the backlog. Prioritize according to client needs and business value.

Communicate the product strategic and tactical direction to all stakeholders.

Manage and mentor junior technical product managers.
