Address: **Dublin** 200.00\$ Price:

This is a nice yet rustic cabinet with great country style. This can hold your media equipment, TV/VCR, etc; or can be used as a computer armoire as I have. It has two sections with doors. The doors all have porcelain white knobs. The back of hutch can accommodate power cords site unseen. There are four separate shelves for more storage. This is a very solid piece of furniture that was made well. It measures as follows....

4ft. 11.5 inches Wide

5ft. 8.5 inches Tall

1ft. 9.5 inches Deep

Must be picked up and moved at purchase. I have no way to deliver or help move it.
