2003 Ford F150 XL for sale. Single owner 4.2L V6. Black exterior and grey interior. I've had this truck since new and have title in hand. Its been gently used, never been in an accident or towed/hailed much more than yard work stuff. Here is a list of the newer things done to it:

New Michelin tires – December 2018

New brakes – December 2018

New back glass, seal and tint – December 2018

New front window seal – June 2018

Spark plugs – about 25K miles on them

New window tint on front windows – December 2018

New headlights and light bulbs – March 2019

All new fluids and belts throughout in June 2018

New wipers, fresh filters, oil changes regularly, etc.

The truck starts and runs fine. Everything mechanically works on it including AC, heat, cruise control, wipers, etc. Driver and passenger airbags. No rips in the seats or the rubber floors.

Interior is clean. No cracks in the dash or other plastic areas. Comes with a tool box and bed mat. This is a 5 year old truck with the exterior showing signs of wear and tear.
