Fur Blackglama Mink Coat for sale. This previously owned Mink coat is in wonderful condition. It is estimated to be a size 12 to 14. It is about 46 inches in length, which is considered to be a stroller length size coat. There are two pockets in the front and the inner lining of the coat shows no rips in it and is in very good condition. The coat does have a collar on it and one button in the front. The coat's length from shoulder to wrist is about 24 ½ inches long. Finally, the coat is believed to be a split skin and made up of about 3 to 4 pellets. Strips on the coat are narrow and believed to be made of female mink fur. The coat is soft to the touch and has not showed any signs of the fur falling off at this point. Price can be negotiated depending on offer.
