2009 Honda CR-V. 226,000 miles. Planning on keeping this forever because it has a wonderful place to put my purse. Mostly highway miles, serviced regularly, is AWD, has new Alpine bluetooth radio/CD player, replaced shocks, struts, front tires, windshield and front and back panels within the last year. Super clean. Never has it left me stranded or not started. PM me for more information or to make arrangements to test drive. PM me for more info or appt for test drive.
