Address:

16980 Krchak Ln, Robertsdale, Robertsdale

Price:

250.00 \$

All-tube guitar amp, boutique features and hot-rodded tones with Peavey reliability. Variable Class A-A/B control. Texture knob allows sweepable selection between Class A and Class A/B power structures, as well as any combination of the two. The preamp has three 12AX7 tubes and power section has four 6L6GC tubes. Two footswitchable channels with independent, three-band EQ and volume for each. Footswitchable gain/volume boost on the lead channel to provide extra volume and gain for solos. Global resonance, presence and reverb controls. Buffered effects loop and dual speaker jacks in parallel. 100 watts (rms) into 16, 8, or 4 ohms. Dual paralleled speaker jacks. Resonance and presence controls.

Excellent shape. Sounds great. Can get VERY loud if you need it.
