We own 4 Coffee News franchises in Southwest Florida. Franchises include Punta Gorda, Port Charlotte, North Port, and Boca Grande/Englewood. All great areas. The paper is seen each week by thousands of people. We've decided to retire and enjoy our grandkids.

Coffee News® is the most widely distributed restaurant publication in the world and successful in helping small and medium sized businesses nationwide create a strong presence in their community for over 27 years.

Coffee News is a free weekly publication distributed to restaurants, coffee shops, salons, doctor offices, hotels, and more. Light in nature each issue of Coffee News offers unusual news stories, trivia, horoscopes, interesting facts and jokes, plus a local "What's Happening" section. In addition, you will find ads for local businesses. Coffee News is entertaining and brings fun and laughter into your life while you eat your food or sip your drink. Our goal is to be "everywhere" within the community to maximize enjoyment for our readers and exposure for our local advertisers.
