Hello to all of you Lashistas! My name is Sarah Byard, I am certified in Xtreme Eyelash Extension Artistry as well I am a certified make up artist. It all began as a dream. I have a passion to make woman feel good about themselves. As a lash artist I wanted to ensure that eyelash extensions were applied safely to not compromise lash health. I also wanted to provide the best quality work and use the best products. So in January 2021 my dream became a reality and Dreamcatcher Destination Beauty and Lash Lounge opened its doors. I want to continue to grow and to add value to everyday life. I want to make everyone feel the beauty they have within themselves and shine brighter than the stars?

It's clear that all of us are here to make our clients feel beautiful, but I also want to artfully design a set of lash extensions that still preserves the integrity of the natural lashes.

Lash artistry is both a science and an art, not one or the other. Your extensions should both look and feel great. Your own lashes will not be damaged in the process, and your extensions will look soft, fluffy, and flattering to your own unique eye shape and face shape.

And beyond that your lash extensions should look great at all times because my goal is to still receive feedback that clients are regulars so that I can address their needs.
