I have many items that were my grandmothers, she has passed and we no longer need them.

They range from walkers, to bedside assistance, sitting chairs for the shower, canes, bedsheets, unopened diapers, new hoses for oxygen machine.. etc. Prices are the best offer.

I will negotiate if you really need the items because i no longer have a use for them.

Not sure hpw to post the pictures on here so if you are interested then please let me know.
