Organizational skills, Tutoring to Empower Learners

Better Organizational Skills = Better Grades

I provide tutoring for children of all ages and learning styles to become independent and efficient learners.

Depending on needs and study goals, I provide the following skills:

Backpack and binder organization and set-up

Study space planning

School time management tips and organizational habits to better manage time and responsibilities.

Active reading strategies, including reading comprehension strategies, to read better in every class.

Active listening strategies and presentation skills to communicate clearly.

Effective note taking strategies and how to use study tools, such as flash cards and color coding, to study efficiently and improve test scores.

Test taking strategies to take tests and quizzes with confidence, tackle different types of tests and manage testing anxiety.

How to research effectively, such as learning how to research a topic, evaluate sources, and write a bibliography.
