FISCHER - PRO MTN 86 TI

168 cm

Intermediate / advanced ski

- Great edge hold
- Super responsive
- Feels energetic and damp at the same time
- Seamless transitions
- Exciting ski

The Air Tec Ti laminate construction gives it great torsional rigidity while remaining remarkably light, and Fischer's All Mountain Rocker and the 12 K Carbon Fiber tip and tail enhance turn initiation with power and confidence.

excellent grip on prepared snow and frozen hardpack, which is that much more enjoyable at a lighter weight.
