Maytag Neptune electric washer, dryer and wood platform. I believe they are 2006. No issues with the washer. The dryer has a loud squeak frequently when it starts but doesn't last too long into the cycle.

Washer and dryer measure 27" wide x 29" deep x 46" high. The pedestal is 55 1/2" wide x 28" deep x 11 3/4" high.

They are not stackable. Washer has a set of rubber hoses. The dryer needs a 220 cord, 4 prong.
