We are the company that provides background checks for employers conducting background investigations for current or new hirers. We specialize in getting information for you and have the resources that will help you obtain accurate information on each candidate. Our investigative databases have recovered information about candidates who have submitted applications for employment where they had major Felony convictions. We give you the opportunity for you to know who your employees are and what makes them what they are. We have examples of reports of background screenings. If you are interested in our services please contact us for further information and report examples can be emailed to you.

We provide quality reports for companies in America.
