Description

This multi-functional carrying case is the perfect accessory for your tablet PC. It features a built-in micro-USB keyboard which allows you to type on your tablet just as you would with your laptop. The integrated kick stand on the back cover provides for convenient browsing and viewing. Durable synthetic leather construction, heavy stitching and secure magnetic closure guard your tablet against scratches and dents. Tension loaded tab grips tablet to prevent it from slipping out of the case. Includes both a capacitive and a resistive stylus to accommodate both types of touch screens on tablet PCs.

Features

Built-in USB Keyboard

Integrated stand for convenient viewing or browsing

Tension loaded tab grips tablet to prevent slipping

Adjustable for nearly any tablet size - from 7" to 10.1"
