Price:

Call Me: 614-two Eight 4-9 Seven 6 Six, Washington CH  
300.00 \$

I'm have for sale a Bose 2.1 Surround Sound system that is only 3 years old and very gently used. This system currently retails for \$489.00, and I'm asking \$300 OBO. The system has a powered subwoofer, two panoramic front channels, control module that connects to your video equipment via fiber optical or composite (RCA) cables and the remote control. The system is guaranteed to work and you will not be disappointed in the sound that this system puts out! I'm also throwing in a free set of telescoping speaker stands (a \$50.00 value) for FREE!
